## HON. M. W. MIX IS OUT FOR NEXT MAYOR

Democrats Induce Prominent  
Manufacturer to Make Race  
For Executive Head of City  
—Call Unanimous.

Hon. M. W. Mix, president of the Dodge Manufacturing Co. and one of the city's most prominent citizens, will in all probability be the nominee of the democratic party for the office of mayor in the coming election. Mr. Mix's petition, signed by scores of admirers, was presented to City Clerk Kennedy Monday.

Democrats are practically unanimous in their backing of Mr. Mix. At the very start of the campaign they talked the manufacturer for mayor and have been active in obtaining his consent to make the race.

Mr. Mix at first thought that he would be unable to give the necessary time to the office but it is believed that the entreaties of democrats here have persuaded him to make the race. With the practical assurance of a democratic victory in the coming city campaign Mishawaka seems assured of another term of prosperity in the conduct of municipal affairs. This assurance is doubly sure when one looks at the record of Mr. Mix when mayor last. He held the chief office in the city for four years and his incumbency was marked by an era of prosperity and public improvement that had been unknown previously.

Unpartisan and fair, Mr. Mix conducted the affairs of the city with the same integrity and wisdom and fairness that has spelled success for him in the business world. That he will repeat this record when the votes are counted in November is the confident assertion of his democratic friends.

The announcement that Mr. Mix will be a candidate for mayor must fall as a thunderbolt on the opposition parties. The citizens' ticket organ has scarcely been silent a day in the past several weeks securing Mishawaka that Mix would not be a candidate. Possibly chiding under the resigned hurt because Mr. Mix would not commit himself on the proposition to the citizen-moose paper, the reporter has not left a stone unturned in his subtle attempt to discourage the candidacy of Mr. Mix. Knowing perhaps that the democratic candidate will draw heavily from the ranks of the "citizens" as well as the two old parties, the article was probably written in a spirit of self-preservation. Nevertheless the sentiment for Mix was so strong that the attempt failed and the practically unanimous public has induced Mr. Mix to become a candidate.

## CULMA SCHAUT WANDERS AWAY

Four-Year-Old Child Disappears  
From Home and Cannot be  
Located—Parents and Police  
Scour City.

Culma, the four-year-old daughter of Mr. and Mrs. Hippoliet Schaut, 534 W. Fifth st., wandered away from home at 10 o'clock Monday morning and she has not returned. Her parents are frantic and have scoured the city in a search for her. Aided by the police and friends they have searched the child's usual haunts and have even looked through the woods on the outskirts of the city.

When the girl left home she was with two playmates of about her own age. The three walked down Wells st. to Fourth st., where the Schaut girl turned and said she was going back home. No trace of her can be learned from this point. She did not return and soon the anxious parents began the search.

It is the theory of friends that the girl wandered far from the streets familiar to her and became lost. They think she is at present at some house where she sought shelter and are confident that she will return or be returned to her home within 24 hours.

The theory of kidnapping is not given much credence on account of the lack of motive that can be found for the commission of such a crime.

## NEARLY THROUGH CURRENCY BILL

CONTINUED FROM PAGE ONE  
The plan from the democratic side, but when the votes were needed the line had firm behind Chairman Glass of the banking and currency committee. Rep. Mondell of Wyoming and Progressive Leader Murdock devoted considerable time to pleading with the democrats to "break the shackles" and desert the caucus pledge. Mr. Mondell became involved in a spirited controversy with Rep. Stanley of Kentucky, who had something to say about republican caucus action. Rep. Donovan, democrat of Connecticut, joined with Rep. Murdock in one of his attacks, declaring that leaders had to abandon the currency bill to the new members of the house.

"Not more than half a quorum is here," he shouted. "They draw their pay regularly and abandon the work attached to their positions. This is no democracy on the floor."

"What could they do if they were here?" demanded Rep. Murdock. "The caucus has foreclosed all action on the bill."

The House of amendment was directed by the minority against the section of the bill providing that National banks must subscribe a sum equal to 20 per cent of their capital in the federal reserve bank in their district. Rep. Landberg of Minnesota endeavored to make the subscription ten per cent of capital and surplus and allow the banks 120 days in which to pay one-half of their subscriptions. Unanimous removal of the federal reserve banks would have been allowed to begin business as soon as the full \$50,000,000 capital had been subscribed without waiting for full payment.

The amendment after a vigorous discussion was voted down 238 to 239. Several similar amendments were defeated.

An attempt was made to write into the bill a provision forbidding officers or directors in National banks from holding similar places in other National banks or in any other financial institutions. The democrats stood by the caucus and the amendment was rejected 21 to 44.

Another group of amendments designed to curtail the power of the federal reserve agent, named by the bill as the chairman of the board of directors and the representative of the federal reserve board in each federal reserve bank also was defeated.

A few changes in phraseology accepted by Chairman Glass were the only amendments adopted.

## HERBLINE ARRESTED FOR AUTO SPEEDING

Charge That Exchange of Cars Is  
Made to Escape Detection—  
Woman Seriously Hurt.

Barney Herblin, 127 1-2 E. Jefferson boulevard, was arrested Monday morning on a warrant sworn out by Walter E. Metz, 736 E. Bronson st., charging him with speeding an auto about a week ago.

Although the charge placed against Herblin on the warrant is speeding, Metz claimed that Herblin is the man who ran into a buggy occupied by Mr. and Mrs. Metz, throwing them to the pavement and that both were severely injured. Mrs. Metz sustained injuries according to Dr. H. M. Crow, who is attending them, and the woman's condition is liable to prove serious.

Herblin's arrest was the result of the work of detectives secured by Met on Monday. Herblin had been seen driving a large reward for information that would lead to the capture of the man who ran into him. Herblin it is claimed was driving Stanley Niedbal's car, the manager of a Main st. saloon, when the accident took place on Vista av. Later it is claimed the machine was sold to Thomas Glazier.

It is supposed that the exchange was made on Monday night. Herblin was seen to Mr. Metz he was deserted by the driver of the car after the accident, while he and his wife were in a serious condition. A further charge may be filed against Herblin.

## BOYS IN BLUE SPEND TIME IN SEEING OLD SIGHTS

Veterans Swarm Over Old Battlefield  
on Lookout Mountain While Guides Explain  
Maneuvers.

CHATTANOOGA, Tenn., Sept. 15.—The formal opening Monday of the Grand Army of the Republic's forty-seventh annual encampment was occupied chiefly with sight seeing tours to the historic battlefields in this vicinity. A drizzling rain did not deter thousands of veterans from making pilgrimages to Lookout mountain, Chickamauga park, and Missionary ridge.

Monday was officially designated as "Lookout Mountain day," and the veterans swarmed the scenes of the struggles of fifty years ago between confederate forces and Union forces. Bragg and Longstreet and union troops commanded by Generals Grant and "Pap" Thomas.

Guides explained the maneuvers of the competing forces and told thrilling stories of many sharp encounters. Although these guides learned the facts of their stories from what are considered authoritative sources they were frequently interrupted by veterans who participated in the struggle and who volunteered corrections.

Interest of the veterans already is being manifested in the election of a commander in chief to succeed Gen. Alfred B. Beers. Among the names prominently mentioned in this connection are Private Orlando Somers, of Kalamazoo, Ind.; Col. Clair E. Adams, of Superior, Neb.; Former Rep. Washington Gardner, of Kalamazoo, Mich.; and General J. N. Harrison of the department of Kansas.

Business Thursday.  
The first general business session of the national encampment will be called to order Thursday morning and the election of officers is likely to take place soon thereafter.

Delegates from Mobile, Ala.; Houston, Texas, and Detroit, Mich., are seeking the honor of entertaining the forty-eighth encampment.

Estimates of local newspapers and local representatives handling the crowds of veterans and visitors place the number in the city tonight at \$5,000.

This number includes delegates to the allied organizations holding meetings in connection with the national encampment.

A reception to which all veterans were invited was tendered the visitors tonight.

The forty-first reunion of the Army of the Cumberland also was formally opened today. Today's session was devoted to routine business and tonight an address was delivered by Gen. Anson Mills, U. S. A.

## PROF'S FIGURES DO SETTLE WAGES

Dr. Frank J. Warne of University of Pennsylvania Before  
Railway Arbitration Board.

NEW YORK, Sept. 15.—The arbitrators who will decide the wage dispute of the eastern railroads and train men received statistics Monday indicating that the roads have increased the size and capacity of freight cars without increasing the cost of operation. The witness was Dr. Frank J. Warne, professor of economics at the University of Pennsylvania. The employees will use his figures to argue that either train crews should have been increased or wages raised.

Dr. Warne admitted that he had no practical experience in railroading, and that his testimony was based wholly upon statistics, in which he claimed to be an expert.

He declared that owing to the great danger to life in the work of the railroads, the employees should be given a "definite limit" or at advanced rates. "Good times are bad times for trainmen," Dr. Warne continued.

"That is, when the railroads enjoy good times of heavy traffic the number of employees is increased and the increase in traffic means an increase in the number of accidents. Statistics show that when the number of employees is increased accidents increase. This tendency of increased prosperity resulting in greater risk to the employees is deserving of serious attention at this time because of the fact that the railroads of the country are entering upon such a period."
